

HOW TO PUT ON CITATION CORDS

STEP 1

Hold the cord as shown above with the button loop (in your left hand) towards you.

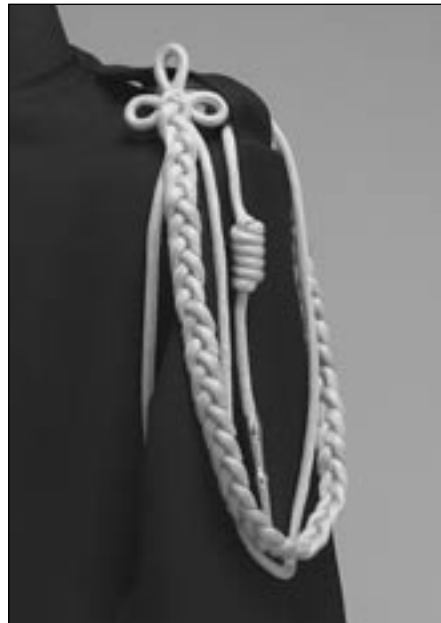

STEP 2

Insert the button loop (from left) through the loop on the bottom of the citation cord (in your right hand).

STEP 3

The cord is now ready to be placed on your arm. Place your arm through one of the small arm loops and fasten the button loop over the button on the uniform.

STEP 4

This is how the cord should look on the uniform. Notice how there is one thin strap under the arm and the others are on top of the arm.
