*If you have a specific PMS (Pantone Matching System) color number to reference, you may submit that along with your artwork or use the attached PMS Color Chart as a **basic** reference. This chart is a helpful tool, but it should be understood that your monitor or printer settings will alter the look of certain colors. Every effort will be made to print as accurate as possible, but color variations may occur.*

For a better color match, send a sample item or garment and we will do our best to come as close as possible.

REMEMBER: When you sign and return your "Sketch for Approval", you are stating that you have checked for accuracy. Double check spelling, artwork, color information, and pattern shape/size/dimensions.

SIZE:

Banners are shown in three standard sizes: **2½' x 6', 2½' x 8', and 3' x 10'**. These banner sizes are suggested to help ensure your group maximizes both visual impact and maneuverability during use in parades. **Not quite what you need? From stand covers to gym banners - custom sizes are also available upon request!**

PRINTED ARTWORK:

We can always reduce the size of an image that's too big, but making a small image larger isn't so easy. For the best print quality, image files should be sent at 300dpi in **jpg, psd, or tif** format, while vector files (preferred) should be in **ai, eps, or pdf** format.

SHAPE: Band Shoppe offers these standard silhouettes. **Choose one shown or create something completely unique!**
