

**Assembly Instructions:**

1. Check and make sure that all parts are in the box (See below for details).
2. Slide the two 8' horizontal poles through the banner's pole hem (Top and bottom).
3. Insert a T Connector on each of the four 8' pole ends.
4. Slide the 26" vertical supports through the holes on the T Connector ends.
5. Now tighten the four T Connector parts with the allen key (included).
6. Take the handle poles and connect them to the 26" vertical poles.
7. Again, tighten the connectors with the allen key.
