

FINGERLESS GLOVE SIZE CHART

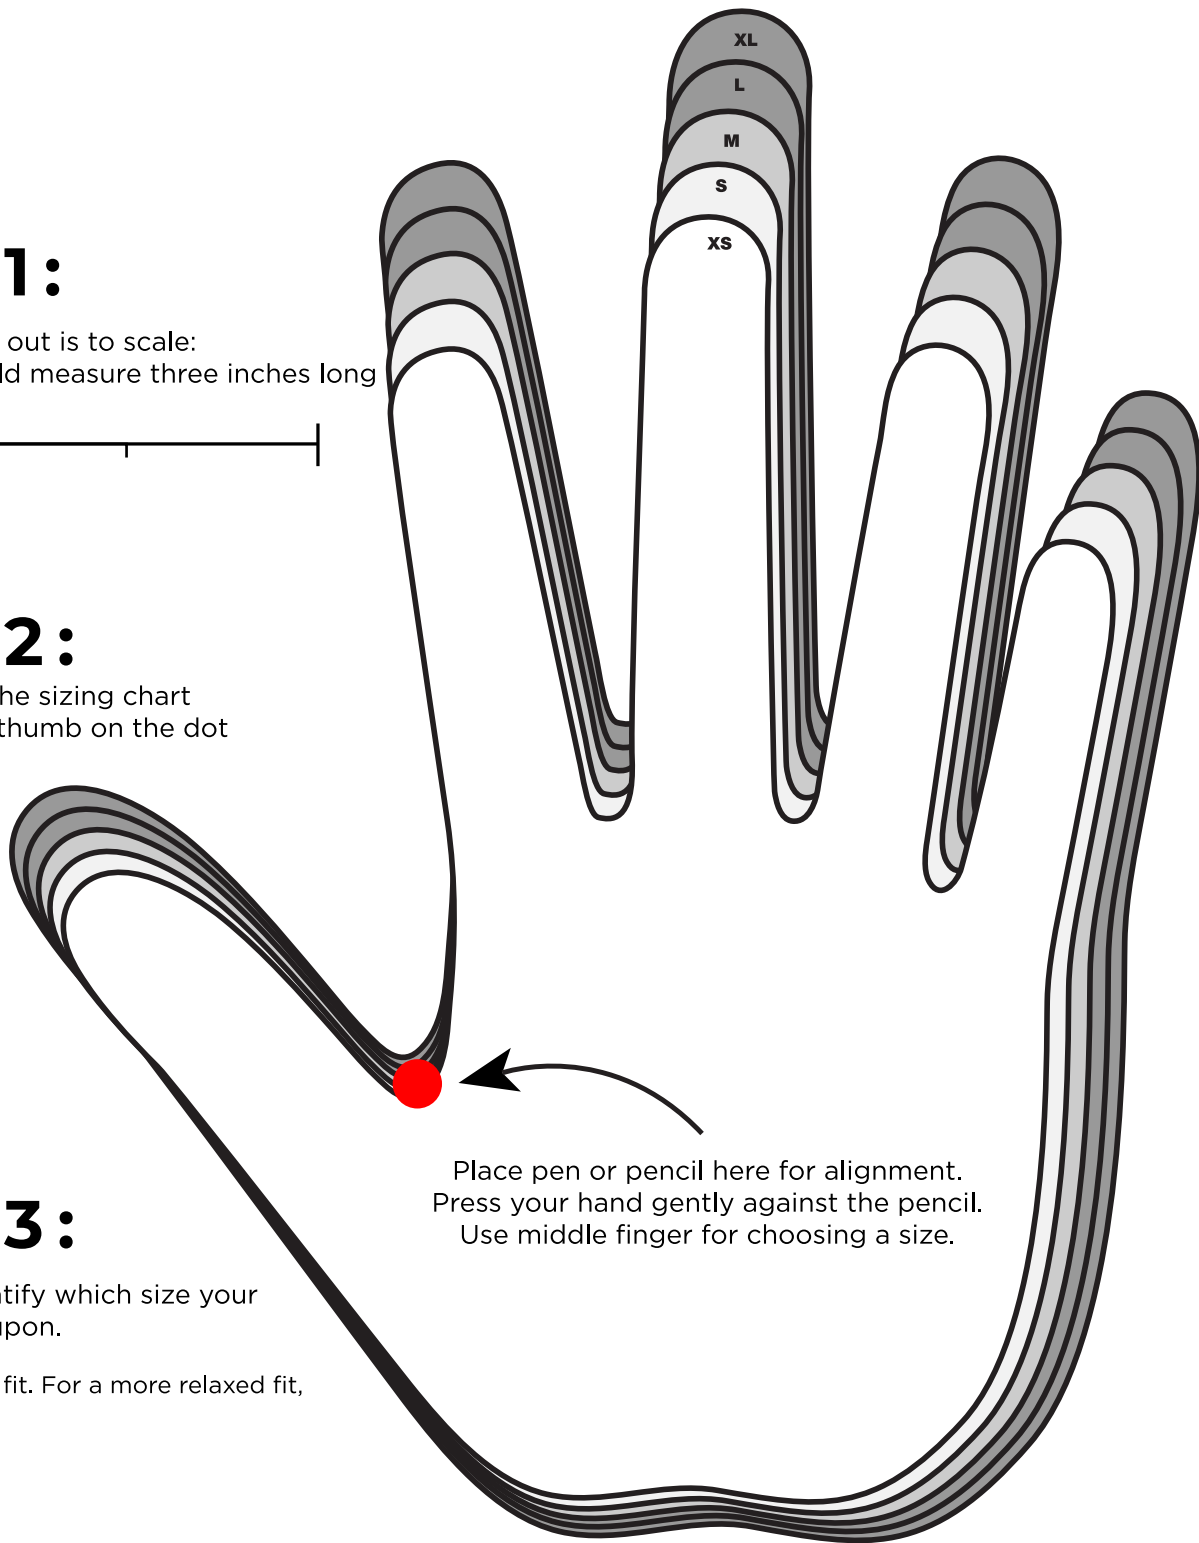

STEP 1:

Verify that this print out is to scale:
The below line should measure three inches long

STEP 2:

Place your hand on the sizing chart
with the "V" of your thumb on the dot

STEP 3:

Use the chart to identify which size your
middle finger lands upon.

*Note this is for a snug fit. For a more relaxed fit,
order one size larger.

Place pen or pencil here for alignment.
Press your hand gently against the pencil.
Use middle finger for choosing a size.

Measure the circumference of your hand starting about ½" below the fingers

| | XS | S | M | L | XL |
|-------------|---------|---------|---------|---------|---------|
| INCHES | 6 - 7 | 7 - 8 | 8 - 9 | 9 - 10 | 10 - 11 |
| CENTIMETERS | 15 - 18 | 18 - 21 | 21 - 23 | 23 - 26 | 26 - 29 |

If you are unable to print this chart
use the table to identify your glove size.
